PATCH NOTES

Instance

1. Added the new instance Dokkaebi Realm.

Bhulrasan, today known as the Dokkaebi Realm, was once a hallowed place where fire dragons have been born since time immemorial.

Deep in the interior lies the Hwaumdang Temple, where the descendants of the fire dragons trained.

Near the temple is a small village which was set up under the aegis of the fire dragons. It was even labelled as the 'best place to live'.

But now Bhulrasan is suffering under the impact of Gangcheol, who was born through the misdeeds of Tiamat. Springs ran dry, plants withered, and monsters crept out of every corner. Most of the inhabitants fled in fear. Only a few brave souls are standing against the monsters, among them the wise Imoog, himself a descendant of the fire dragons.

After word reached the Daevas in Apsarasanta about a strange rift, they dispatched scouts to explore the other side.

Entry Location	Max. Players	Entry Level	Entries	Resets
Mesio River (Middle) Dry Ashir Tree	2-6	85	4x per week	Wednesday at 9 AM

- There are two versions of the final boss Gangcheol: normal and hard. In order to face the hard version, the following monsters must be defeated: Gwangsang, Mirror Gwisin, Water Gwisin and Roof Tile Gwisin.
 - The Murmuring Gwisin can only be located using the Dokkaebi Hat. The hat can be found in various places in the instance starting location and will be placed at random in a party member's inventory.
 - Red Bean Paste can be found throughout the Dokkaebi Realm. The red beans are useful to counteract the skills of certain monsters, including the Murmuring Gwisin's stealth and the Mirror Gwisin's mirror shield.
2. If you successfully defend the Totem Pole in the Dokkaebi Realm, the Smuggler Shukiruk will appear.
